

SENIOR FULL STACK DEVELOPER WITH BACK-END FOCUS

Job type: full-time
Location: Zürich or remote

Language: English (German is a plus)
Start: immediately or according to agreement

BECOME PART OF TRACKTICS

We are an award winning, innovative wearable startup based in Zurich and Frankfurt. TRACKTICS enables every football player and team to track, analyse and improve their performance on the pitch. We have developed a wearable device and created apps to make analytics easily accessible, revolutionising football forever.

YOUR RESPONSIBILITIES

- Work alongside our PO to continuously improve our software within a Scrum team
- Co-develop our node.js RESTful API (architecture & code) and deliver stable releases
- Review UX/UI designs and derive requirements for the API and the front-end
- Ensure cross-platform optimization for mobile and web

YOUR SKILLS

- Degree in Computer Science or similar area
- Working experience as full-stack or back-end developer
- Proficiency with popular server side languages: node.js, SQL
- Familiarity with JavaScript frameworks, preferably Angular 11, TypeScript (JS) HTML and CSS
- Ideally also familiar with Python and AWS stack (EC2, ECS, RDS, CloudWatch)
- You have a team focused approach, wanting to share knowledge and help develop others in the team further
- You are a well rounded software developer who understands the importance of communication
- You care about quality, and know the best ways to achieve this both in code and for the product itself

We are looking for a proactive team player with excellent communication skills in English and/or German. You will need to have attention to detail and excellent problem solving skills. We expect you to work independently and dependably. Above all, we expect you to be an active and keen team member who contributes to bringing our product to the next level.

WHAT WE OFFER

We're a powerful, interdisciplinary, highly skilled team that is growing fast and shares a huge passion for our vision of more accessible sports data. We foster a strong and fun startup culture in a working atmosphere that is based on mutual respect and trust. We offer flexible working hours together with a high degree of self-responsibility and freedom. You will find the perfect environment to learn a lot and contribute your very best to a high-potential project.
